What is Kyäni?

Kyäni®, Inc., founded in 2007, is a global network marketing company based in Idaho Falls, Idaho, USA. From our beginnings, Kyäni has been a pioneer of the antioxidant movement, and the first to recognize the efficacy of the wild blueberry. Since then, Kyäni has become one of the world's leading providers of supplements that support Nitric Oxide production in the human body and one of the largest providers of tocotrienols—a potent form of Vitamin E. Kyäni products harness the power and potency of wild and natural ingredients that support overall health and wellness through proper nutrition.*

With our value rooted in unrivaled, wild-sourced nutritional supplements, Kyäni also offers an opportunity to earn modest, supplemental income by referring Customers to purchase products directly from Kyäni.** In addition to sales commissions, Kyäni's Global Compensation Plan also offers incentives, including the Kyäni Car Program and other competitive sales incentive programs and trips.*** Success is not guaranteed and qualification requires hard work, skill, actual product sales, and meeting minimum sales targets. Most people join Kyäni only to purchase amazing products for personal use and earn little or no income. Whether you're interested solely in the products, interested in making a little extra money, or committed to earning more meaningful income, Kyäni may be a good fit for you.

How can I be a part of the Kyäni family?

- I. **Become a Customer:** In the U.S., 24.5% of the Kyäni family are Retail Customers who purchase products at retail prices to support healthy living for themselves and their family. They don't refer other Customers and they aren't interested in earning commissions and bonuses on sales volume from people they might refer to Kyäni. They simply love the products!
- II. **Become a Kyäni Advocate and Take Advantage of Discounted Pricing:** 66.0% of Kyäni U.S. Customers take advantage of preferred or discounted pricing for the Kyäni products they love, but they aren't necessarily interested in the financial opportunities presented in Kyäni's Global Compensation Plan. They either subscribe as a Preferred Customer (with a subscription) or they become a Kyäni Independent Business Partner primarily for the purpose of getting discounted pricing on the products they love. They may refer a friend or family member to Kyäni from time to time, but most will never build an independent Kyäni business.
- III. **Build a Business and Change Lives:** 9.5% of the Kyäni U.S. family believe in the products so much that they commit to build a business as a Kyäni Independent Business Partner. These Business Builders³ not only buy Kyäni products for themselves, but they earn sales commissions and bonuses for their Customer sales and product purchases made by those they sponsor.

Most people do not qualify. In North America, as of December 2020, fewer than 4.00% of active Business Partners qualified for the Kyäni Car Program, which provides a monthly bonus for Kyäni Business Partners who reach and maintain specified ranks. See program rules for eligibility.
